This documentation and procedure is specifically for cases where individuals have purchased a home in Tolland, and are in possession of a contract. They may register the student(s) on a *temporary* basis if they plan to occupy the house within 90 school days. If they will not occupy the home within 90 school days from the date of registration, TPS cannot accept the registration at this time. In those cases, families are encouraged to register in the district in which they currently reside. Please note, the TPS office registering the child must follow up with the family each 4 week period until items from Section II have been provided to establish residency. If after 90 days residency has not been established, the Superintendent must be contacted to report a potential Residency Violation.

Please note:

- The **owner of the residence in Tolland / person renting in the Town of Tolland** ***must*** be the one providing the aforementioned required documentation for the residence at which the student will reside.
